

FULL COLOUR BANNERS

THE DIGITAL ADVANTAGE

Digitally printed banners are not only cost effective but very practical too.

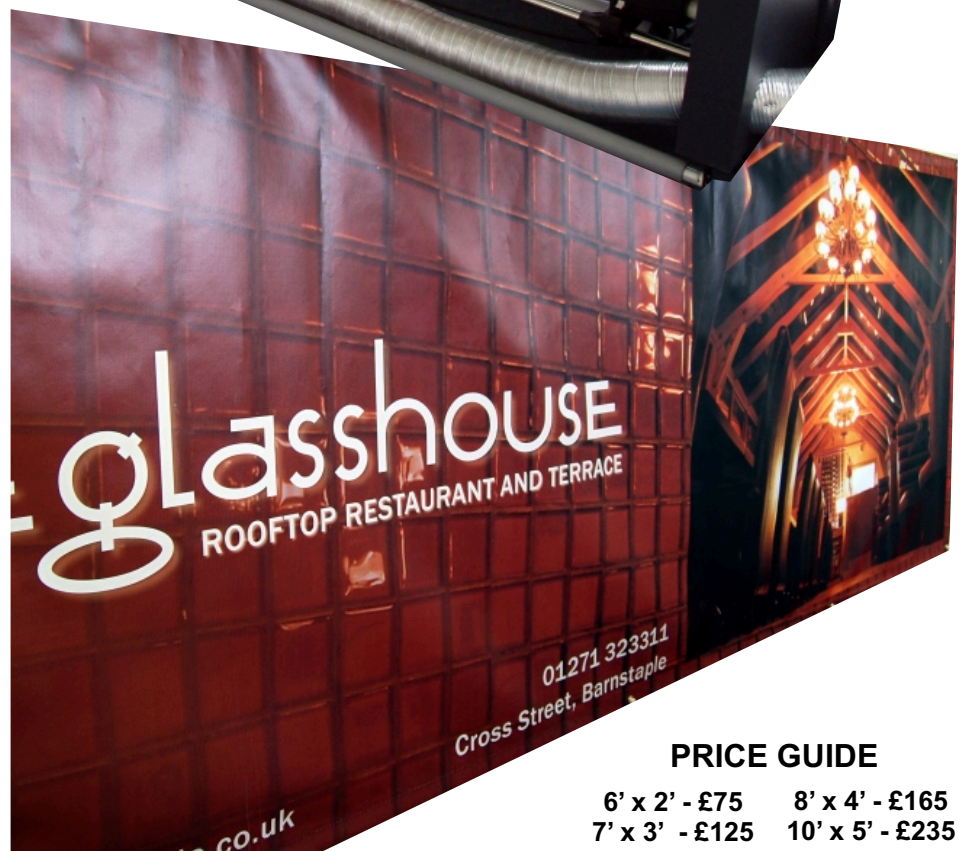

You can have as many colours and photographs as you like for no extra cost. When you have finished using your banner you can simply roll it up with no concerns for the graphics wrinkling.

MIMAKI JV3

We print all our banners on a 64" Solvent based inkjet printer, direct to Vinyl, PVC and Canvas with a hi-fi 6 colour head for a greater range of colours. The inks are UV stable in all weathers for 3 years. All our digitally printed signs are suitable for exterior use.

IN-HOUSE SERVICE

From design to printing, hemming and eyeletting, our banners remain on site - enabling us to control the process from beginning to end. Giving you the end user excellent quality at a price you can afford. If you need banners in a hurry - no worries - give us a shout and we'll help you out.
